Wrap-up and follow-up				

HANDOFFS, SUPPORT, AND FALLBACK

Decision	Owner	Backup	Status
Setup to hands-on			
Shared-blocker pause			
Individual support route			
Watch-only fallback			
Workshop-content escalation			

ACCOUNT TEAM READ-AND-UNDERSTAND RECORD

Complete after review. Store the signed or electronically completed PDF with the event record in the approved record system.

☐ I read this guide and understand the account team's required preparation and delivery actions.

☐ I confirmed the event path, prerequisites, capacity, roles, support route, and fallback.

☐ I recorded every unresolved item with an owner, due date, and escalation route.

Representative name, Oracle email, and role

Accepted date, time, and time zone

Signature or electronic approval

Event record ID or event code

Guide version or Git commit

Stored evidence URL or record ID

FINAL DECISION

☐ Ready ☐ Ready with risk ☐ Not ready

Decision owner

Decision time

Open risk or fallback
